

# Securing Reproductive Health, Rights, and Justice

Democrats are committed to protecting and advancing reproductive health, rights, and justice. We believe unequivocally, like the majority of Americans, that every woman should have access to quality reproductive health care services, including safe and legal abortion—regardless of where she lives, how much money she makes, or how she is insured. We believe that reproductive health is core to women's, men's, and young people's health and wellbeing. We will continue to stand up to Republican efforts to defund Planned Parenthood health centers, which provide critical health services to millions of people. We will continue to oppose—and seek to overturn—federal and state laws and policies that impede a woman's access to abortion, including by repealing the Hyde Amendment. We condemn and will combat any acts of violence, harassment, and intimidation of reproductive health providers, patients, and staff. We will defend the ACA, which extends affordable preventive health care to women, including no-cost contraception, and prohibits discrimination in health care based on gender.

We will address the discrimination and barriers that inhibit meaningful access to reproductive health care services, including those based on gender, sexuality, race, income, disability, and other factors. We recognize that quality, affordable comprehensive health care, evidence-based sex education and a full range of family planning services help reduce the number of unintended pregnancies and thereby also reduce the need for abortions.

And we strongly and unequivocally support a woman's decision to have a child, including by ensuring a safe and healthy pregnancy and childbirth, and by providing services during pregnancy and after the birth of a child, including adoption and social support services, as well as protections for women against pregnancy discrimination. We are committed to creating a society where children are safe and can thrive physically, emotionally, educationally, and spiritually. We recognize and support the importance of civil structures that are essential to creating this for every child.
